

## Devolution

### What is it?

**The concept of Devolution is fundamental and part of the U.S. government's top-secret continuity of government plans.**

According to new documents and interviews with military experts, the various plans – codenamed Octagon, Freejack and Zodiac – are the underground laws to ensure government continuity. They are so secret that under these extraordinary plans, "devolution" could circumvent the normal Constitutional provisions for government succession, and military commanders could be placed in control around America.

“There is so much disinformation still surrounding the Covid-19 pandemic and that is by design. Was it an accident? Was it a bio-weapon? Depending on the platform you use, you may not even be allowed to ask those questions. However the answer to those questions is key to the Devolution theory because it was the launching pad for the theft of the 2020 election and ultimately the pretext for Trump having our military prepare for Devolution.”

**Comment:** Hypothesis: Trump knew “they would use the virus” to steal the election, so “everything was tracked/recorded” and USG devolution is in play.

**Proof:** <https://youtu.be/d-jxqwTWkuw> (SecDEF Miller- “most complex military operations this county has ever conducted- DEVOLUTION would fit that description.

**Proof:** Trump: “We went through the worst attack we’ve ever had on our Country.”

**Proof:**

*More reports of voting machines switching Romney votes to Obama. Pay close attention to the machines, don't let your vote be stolen*

Trump knew in 2012....( is he a time traveler?)

### **The Actual Theory**

President Trump, with assistance from the United States Military, caught our foreign adversaries aiding the democrats with the theft of an election. This is bigger than just mere corruption and scandal.

This is war.

**Comment:** *If you think Trump is stupid, think again...*

“They let Biden assume office but it doesn’t mean anything. Any damage done can and will be reversed. They are basically playing house. Their time “in office” will only lead to more people wanting Trump back.

Biden has no meaningful operational control over the military (I will cover that in a future post) and they won’t let any real harm come to us while the battlefield is prepped for whatever reveal is coming.”

“If PDJT had information that the Democrats would steal the election with help from China, that would be considered an act of war.”

“We need to step back and review everything that has happened since the release of Covid. Our enemies conspired to attack the U.S.A. with a

bioweapon to steal an election with one of our political parties. That is the actual coup. We've been thinking too small. Do you know who hasn't been thinking too small?"
