“Thanks to God’s grace and to the work of many, we now have vaccines to protect us from Covid-19,” he said in the video released on Wednesday. He added that vaccines “bring hope to end the pandemic, but only if they are available to all and if we collaborate with one another.” Pope Francis went on to say that getting a Covid jab that is “authorized by the respective authorities” is an “act of love.” Helping other do the same, he said, is also an act of love. “Love for oneself, love for our families and friends, and love for all peoples. Love is also social and political.” Pope Francis

- Washington DC is not part of the USA. District of Columbia is located on 10sq miles of land. DC has its own flag and own independent constitution. This constitution operates under a tyrannical Roman law known as Lex Fori. DC constitution has nothing to do with the American Constitution. The Act of 1871 passed by Congress created a separate corporation known as THE UNITED STATES & corporate government for the District of Columbia. Thus DC acts as a Corporation through the Act. The flag of Washington's District of Columbia has 3 red stars denoting DC, Vatican City and City of London).
