THE VACCINE DEATH REPORT

THE VACCINE DEATH REPORT

Evidence of millions of deaths
and serious adverse events
resulting from the
experimental COVID-19 injections

and more- the WHY and How-

BY DAVID JOHN SORENSEN

&

DR. VLADIMIR ZELENKO, MD

VERSION 1.0 SEPTEMBER 2021

OUR GOAL Today

INTRODUCE

EVALUATE

→ Everything is backwards

FOCUS

CONFIRM

SUMMARY

DEATHS

VACCINE DEATHS SUMMARY

IT IS FAR WORSE THAN WE THINK [USA only]

VAERS published **726,963** adverse events, including **15,386** deaths as of September 17, 2021

CDC fraud expert says that number of deaths is at least five times, and possibly ten times higher **[75,000 to 150,000]**

A whistleblower from the Centers for Medicare & Medicaid Service (CMS) revealed how almost 50,000 people died from the injections. They represent only 20% of the U.S. population, meaning that if this data is applied to the entire population **250,000** have died

150,000 reports have been rejected or scrubbed by the VAERS system [all deaths?]

The actual number of anaphylaxis is **50 to 120 times higher** than claimed by the CDC

Everyone who dies before two weeks after the second injection, is not considered a vaccine death, which causes the majority of early vaccine deaths to be ignored **[80%]**

Moderna received over **300,000 reports of adverse events in only three months-time** **[only 1 of the manufacturers]**

The Lazarus Report shows that **only 1%** of adverse events is being reported by the public

The *majority of the population is not aware* of the existence of systems where they can report vaccine adverse events

Aggressive censorship and propaganda told the public that adverse events are rare, causing *people to not understand how their health problems stem from past injections*

The *shaming and blaming* of medical professionals who say anything against the vaccines, cause many in the medical community to avoid reporting adverse events

The *fear of being held accountable* after administering an injection that killed or disabled patients, further prevents medical personnel from reporting it

Having accepted *financial incentives* to promote, and administer the covid vaccines, also stops medical personnel from reporting adverse events [14 to 39k \$]

Profit driven vaccine manufacturers have every reason not to report the destruction their untested experimental products are causing [ZERO LIABILITY]

200,000+ Facebook users comment about vaccine deaths and serious injuries

'Every **funeral director** with an ounce of honesty will tell you that all those who are dying all around us are **vaccine recipients**. There is **no covid pandemic** and I am living proof of that. It's all designed to make you **TAKE THE VACCINE**.

CONTENTS of Vax

- a living organisms with tentacles

-Trypanosoma Cruzi

-Soft robotics and electronics

-Graphene dioxide

-PEG antifreeze to open the Blood Brain barrier

-Aluminum

-Etc., etc., etc....

-After you have had enough boosters-

---You won't need to carry a cell phone, IPAD, or computer

-----→ **YOU ARE THE COMPUTER**

A PATENTED TRANSHUMAN

NO LONGER A HUMAN WITH HUMAN RIGHTS !

Dr. Chinda Brandolino is a Latin American physician who has been speaking out about the fact that once the human genome is altered, that person is no longer considered an original human being, but has become a transhuman, and therefore loses human rights. Furthermore, she explains that the altered DNA and RNA can be patented, making that genetically modified person property of the patent holders. ⁶⁴

The implications of this are highly alarming → US Supreme Court ruling.

Legally, the vaccinated are no longer human

Giuseppe Cipolla, [06.30.21 19:12]

[In reply to Silvano Trotta Official]

Erikazul, [25.06.21 00:55]

[In reply to Civil Movement]

In a 2013 court case *Pathology v Myriad Genetics, inc*, in the US, the Supreme Court ruled **that human DNA could not be patented because it was “a product of nature”**. **But at the end of the decision, the Supreme Court ruled that if a human genome is modified by mRNA vaccines (which are currently in use), then the genome can be patented.**

This means that everyone who has received the vaccine is now technically “patented” and something that is patented is “proprietary” and will be included in the definition of “transhumans”. People who are legally identified as ‘transhuman’ do not have access to human rights or rights granted by the state. This is because they are not classified as 100% biological or human.

Therefore, technically, anyone with this vaccine would no longer have access to human rights. There have been some legal documents on this recently, so clarification should be available soon.

DIFFERENT DOSAGES

WHY DO SOME DIE, WHILE OTHERS ARE FINE?

Why do some people die, or become disabled for life, while others seem just fine after being ^{68B} inoculated?

Dr. Jane Ruby explains that not all vials have the same dosages.

ClinicalTrials.gov shows that there are different phases of the vaccination experiment, with different dosages of the mRNA being administered to different people. An unknown percentage of the injections are even placebos!

This means that some people get a harmless substance injected, while others get a shot with 5, 10, 20, or 30 micrograms of mRNA. Dr. Ruby warns that in the booster shots some vials contain as much as 100 or even 250 micrograms of mRNA. This explains why in certain areas the vaccinated seem fine, while in other areas people drop dead after being injected. It's like **Russian roulette**: nobody knows what is being injected into their body.

There is no informed consent.

If people however take the boosters, they will get different dosages. Where previous shots may have been harmless, the next could be lethal.

All these are just a few of the examples of
physicians and scientists
who successfully treat covid patients,
who *[then]* faced **massive opposition**.

Never before in the history of mankind
has it occurred that a
working and safe drug for an illness
has been **kept from the world**,
through such an
internationally coordinated effort.

***PEOPLE ARE NOT SUPPOSED TO RECOVER
FROM COVID,
BECAUSE THE WORLD POPULATION NEEDS TO BE
SCARED INTO ACCEPTING THIS LETHAL INJECTION.***

Questions

Covid-19 Prophylaxis Protocol

Dr. Vladimir Zelenko

www.VladimirZelenkoMD.com

Prophylaxis is an action taken to prevent or protect against a specified disease. Greek in origin, from the word "phylax", meaning "to guard" and "watching."

Low Risk Patients Young healthy people do not need prophylaxis against Covid 19. In young and healthy people, this infection causes mild cold-like symptoms. It is advantageous for these patients to be exposed to Covid-19, build up their antibodies and have their immune system clear the virus. This will facilitate the development of herd immunity and help prevent future Covid-19 pandemics. However, if these patients desire prophylaxis against Covid-19, then they should take the protocol noted below.

Moderate Risk Patients Patients from this category are healthy but have high potential viral-load exposure. This group includes medical personnel, caregivers of high-risk patients, people who use public transportation, first responders and other essential personnel who are crucial to the continued functioning of society. These patients should be encouraged to take prophylaxis against Covid-19 in accordance with the protocol noted below.

High Risk Patients Patients are considered high risk if they are over the age of 45, or if they are younger than 45 but they have comorbidities, that is, they have other health conditions that put them at risk. These patients have between a 5 to 10% mortality rate if they are infected with Covid-19. These patients should be strongly encouraged to take prophylaxis against Covid-19 in accordance with the protocol noted below.

Protocol for Low and Moderate Risk Patients:

Elemental Zinc 25mg 1 time a day

Vitamin D3 5000iu 1 time a day

Vitamin C 1000mg 1 time a day

Quercetin 500mg 1 time a day until a safe and efficacious vaccine becomes available

If Quercetin is unavailable,

then use Epigallocatechin-gallate (EGCG) 400mg 1 time a day

Protocol for High Risk Patients:

Elemental Zinc 25mg once a day

Vitamin D3 5000iu 1 time a day

Hydroxychloroquine (HCQ) 200mg 1 time a day for 5 days,

then 1 time a week until a safe and efficacious vaccine becomes available

If HCQ is unavailable, then use the Protocol for Low and Moderate Risk Patients.
