

The background of the image features a close-up of the American flag's stars and stripes on the left, and a parchment document with cursive handwriting on the right. The document is the United States Constitution, with the words 'We the People' clearly visible in large, bold letters. The text on the parchment includes 'insure domestic Tranquillity, provide for the common Defense and our Posterity, do hereby ordain and establish this Constitution for the United States of America.'

Discovering God's Hand in our History

# Why are we taking on the topic of Christian History of America?

- Goal – Equip American Christian Patriots with tools to help them know the truth and refute lies.
- Target a “giant” that defies the living God and go after them with effective smooth stones.
- Rediscovering Gods plans and hand in America in order to partner with Him in the rebuilding of our Constitutional Republic.

It is the **duty of every man**, as far  
as his ability extends, to **detect**  
**and expose delusion and error.**

— *Thomas Paine* —

Two bald eagles are perched on pieces of weathered driftwood. The eagle on the left is facing forward, while the one on the right is looking slightly to the right. They are set against a backdrop of snow-capped mountains and a clear blue sky. The water of a lake or bay is visible in the lower foreground.

Building His Temple Anew  
1619 Project Debunked

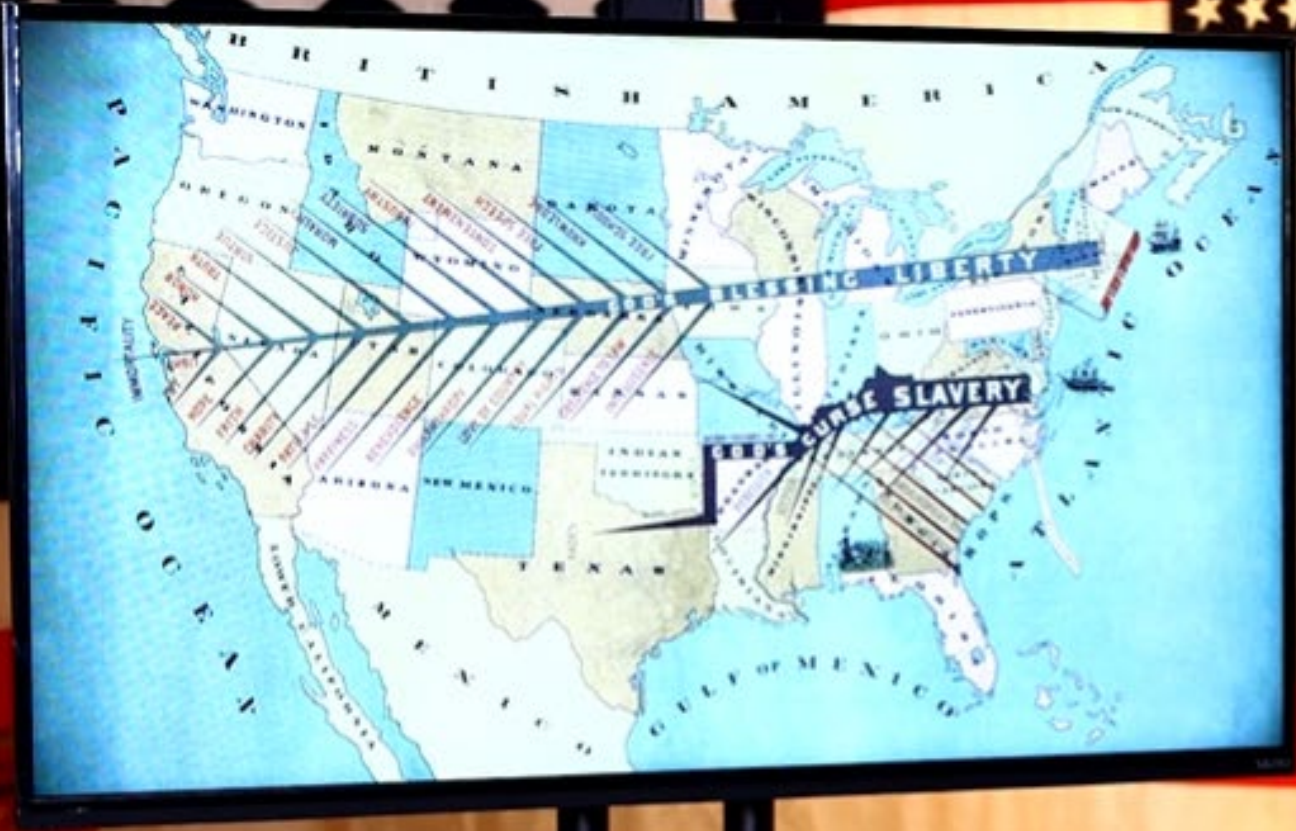

“Why” were the Separatists/Pilgrims going to North America?

- Perceived that God was calling them to a new Jerusalem, to build His temple anew – with themselves as it’s living stones.
- “Now as the people of God in old times were called out of Babylon civil, the place of their bodily bondage, and were to come to Jerusalem, and there to build the Lord’s temple, or tabernacle...so are the people of God now to go out of Babylon spiritual to Jerusalem... and to build themselves as lively stones into a spiritual house, or temple, for the Lord to dwell in.” – John Robinson
