The New World Order...

“For the first time in American history a president, governors, mayors, hospital administrators and federal bureaucrats are determining medical treatments based not on accurate scientifically based or even experience based information, but rather to force the acceptance of special forms of care and “prevention”—including remdesivir, use of respirators and ultimately a series of essentially untested messenger RNA vaccines.” (COVID planned)

“We are all living through one of the most drastic changes in our culture, economic system, as well as political system in our nation’s history as well as the rest of the world. We have been told that we will never return to “normal” and that a great reset has been designed to create a “new world order”. This has all been outlined by Klaus Schwab, head of the World Economic Forum, in his book on the “Great Reset”. This book gives a great deal of insight as to the thinking of the utopians who are proud to claim this pandemic “crisis” as their way to usher in a new world. This new world order has been on the drawing boards of the elite manipulators for over a century.”

Their Political Goal:

“To change the image of mankind from that of industrial progress to one of “spiritualism” (also a religious one) (Remember communism is gov't=god)
The image of industrial and technological man is obsolete and must be discarded. Many of our present images appear to have become dangerously obsolete, however science, technology and economics have made possible really significant strides toward achieving such basic human goals as physical safety and security, material comfort, and better health. However, many of these successes have brought with them problems of being too successful...Our highly developed system of technology leads to higher vulnerability and breakdowns. Indeed the range of interconnected impacts of societal problems that are now emerging pose a serious threat to our civilization...If our predictions of the future prove correct, we can expect the association problems of the trend to become more serious, more universal and to occur more rapidly.”

Define the Problem | Post the Reaction | Finalize the Solution

Create the problems>>publicize the reactions>>implement the solutions

“Never let a good crisis go to waste”...

Example:

Problem: US has a terrorist problem

Reaction: 9/11- 3K dead- we need to fix this

Solution: Patriot Act (DHS, TSA created- in record time)

It is a pervasive brainwashing machinery whose main goals are: keep the people ignorant, destroy the family unit, foment social conformity and consent, create artificial problems, destroy the economy and collapse the currency.”

Revenge

“We now know that the Khazarian Mafia (KM) is waging a secret war against America and Americans by the use of False-flag Gladio-style terrorism, and via the illegal and Unconstitutional Federal Reserve System, the IRS, the FBI, FEMA, Homeland Security and the TSA. We know for certain that the KM was responsible for deploying an inside-job, Gladio-style False-flag attack on America on 9-11-01, as well as the Murrah Building Bombing on April 19, 1995.”

Continuous War

Climate Change/GeoEngineering/Weather Manipulation

“The liberal agenda is the blueprint for national ruin. It is their policies that spawned the runaway social programs that have helped wreck the budget. Their expensive programs brought on the great burst of inflating that imperils the dollar. Liberals (*think progressive satanists*), fostered the subsidies that have converted so many citizens to helplessness. They have made high taxes and big government a way of life. They have corrupted the politicians into believing that in order to be elected to office you must dispense benefits.”

CFR in 1963:

- * Special Study Group- commissioned by DoD Sec McNamara (CFR member)
- * Focused on how to keep populations under control w/o war
- * Use of environmental hoaxes as alternative
- * Deliberate poisoning of the air
- * New forms of slavery | social purification | blood games
- * UFO invasion
- * Increase wasteful spending on a large scale (*\$30T anyone?*)

Section 6: “Substitutes for the Functions of War”:

*“It may be, for instance, that gross pollution of the environment (*think climate change/global warming*) can eventually replace the possibility of*

mass destruction by nuclear weapons as the principal apparent threat to the survival of the species...Economic surrogates for war must meet two principal criteria. They must be "wasteful," in the common sense of the word, and they must operate outside the normal supply-demand system. A corollary that should be obvious is that the magnitude of the waste must be sufficient to meet the needs of a particular society. An economy as advanced and complex as our own requires the planned average annual destruction of no less than 10 percent of the gross national product..."

"The Special Study Group concludes that peace "would almost certainly not be in the best interest of stable society," because war, is too much a part of the world economy, and therefore, it is necessary to continue a state of war indefinitely:

War has provided both ancient and modern societies with a dependable system for stabilizing and controlling national economies. No alternate

method of control has yet been tested in a complex modern economy that has shown itself remotely comparable in scope or effectiveness. War fills certain functions essential to the stability of our society; until other ways of filling them are developed, the war system must be maintained and improved in effectiveness.”

In America:

John Dewey: Over a Century of Corrupting American Education

Source for quotes below:

<https://www.educationviews.org/over-a-century-of-corrupting-american-education/>

“If America’s children can’t read, they cannot gain knowledge, they cannot read their Bibles, and they cannot read America’s Declaration of Independence or Constitution.”

Dewey’s Movement:

“Dewey’s movement had a new vision for schools. He wanted to use schools as instruments for the reconstruction of society. Dewey didn’t want to educate children to think for themselves: “Children who know how to think for themselves spoil the harmony of the collective society (think communism) which is coming where everyone is interdependent (think global citizens)” His vision veered dramatically from the traditional Christ-centered approach to education.”

“Dewey’s direction was based on using government schools; minimizing the role of parents (because they might teach things like religion); changing the role of teachers to facilitators; de-emphasizing Latin, the classics, the three Rs (reading, writing, and arithmetic), western history, and history in general (including the study of the Constitution and capitalism); and providing a secular environment (think LGBTQ/transgender/equality movement/global citizenship). The end product was designed to prepare students to be good citizens in a socialist society (students who don’t read very well or think very well for themselves).”

“The first ten years of this century have seen full-speed implementation of the above **Carnegie** Corporation's totalitarian/socialist world government agenda.”

“A press release dated October 14, 2011, issued by the Department of Housing and Urban Development,³ relates to the finalization of the world government agenda through the use of sustainable development (think Agenda 21), primary weapon to destroy our republic through unconstitutional regional govern- ment.”

“The United States is engaged in war. . . it has been fought in secret—in the schools of our nation, targeting our children who are captive in classrooms.”

Charlotte further states:

“Implementation of this radical, **socialist agenda** has been relatively smooth due to the accomplishment of values destruction and **dumbing down** which took place between passage of the *Elementary and Secondary Education Act of 1965* and 1999, the date of publication of *the deliberate dumbing down of america*. How our schools, and in turn our nation, including corpo- rations, have been restructured using Total Quality Management—and other large organizational management techniques popularized by Peter Drucker and others—for a **socialist future** without the American people rising up in rightful indignation, can be attributed to a combination of factors that I refer to as “**The Devil's Seven-Pronged Fork**”:

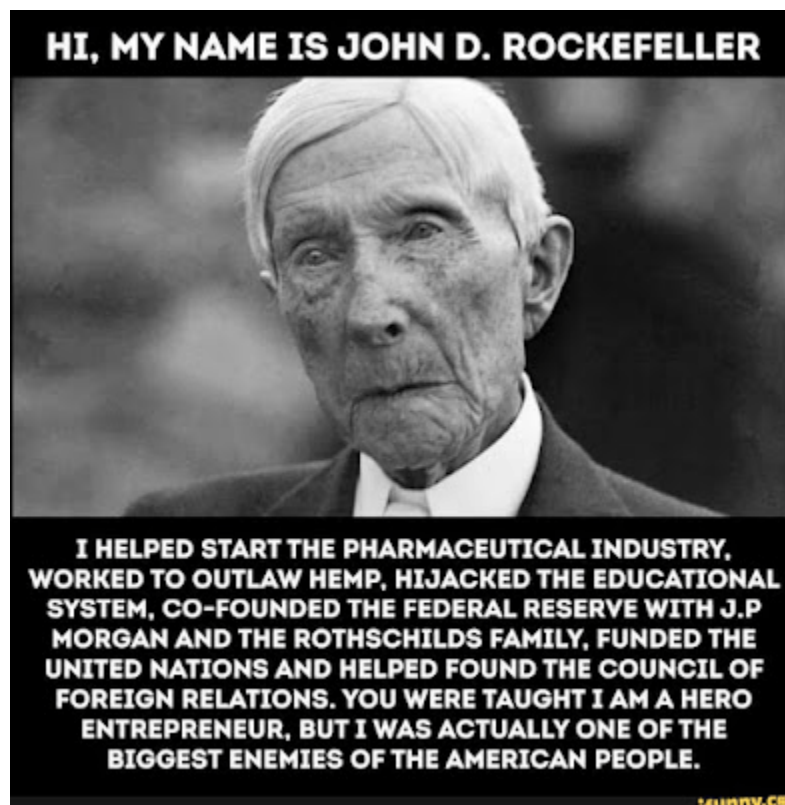

Gradualism | Hegelian Dialectic | Semantic Deception | Media Control | Money Supply | Brainwashing | The Two Party Lie

RELIGION

False Dawn: by Lee Penn

The united religions initiative, globalism, and the quest for a one-world religion

Source: http://www.leepenn.org/FalseDawn_np.pdf (free download)

Quote:

“The interfaith movement, including the United Religious Initiative (URI), is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of ‘global governance’, and creation of a new Earth-based ‘global spirituality’--in effect, a one world religion. Therefore, the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order: the ‘new civilization’ now proposed by Mikhail Gorbachev, the last leader of the Soviet Union.”

“The URI works closely with the United Nations, and it has received funding from many sources. Among them are wealthy donors (including foundations headed by George Soros and Bill Gates), a Federal agency (the United States Institute of Peace), and organizations (the Rudolf Steiner Foundation and the Lucis Trust World Service Fund) that promote various forms of Theosophy, an anti-Christian, New Age spiritual movement. . .

Vatican's Climate Change Agenda:

“Monday’s day-long Climate Change event, organized by the Vatican, the United Kingdom and Italy, brings together about 40 Chrislam faith leaders of the world’s major religions and scientists, from about 20 countries.”

CFR:

<https://wakeup-world.com/2016/08/31/council-on-foreign-relations-we-shall-have-one-world-government-by-conquest-or-consent/>

“The most glaring treasonous agenda of all that the Council on Foreign Relations has consistently maintained for near an entire century is the destruction of the United States as an independent, sovereign nation.”

Is Climate Change the new religion of these globalists? Remember “the gross pollution of the environment from the 1963 DoD Special Study Report?”

Chrislam is also a part of this movement (take the two largest religions and merge them...Pastors support it (Rick Warren and many others in the 501c3 world)...

LAW

American Law: from common law to statutory law

(and use of Maritime Law- Law of the Seas/Corporations (Act of 1871)

Example:

Getting rid of Common Law and the original constitution in Maine:

<https://unmasker4maine.files.wordpress.com/2013/08/maine-state-bar-association-100-years-full.pdf>

Common Law has been replaced in all of America....

Impacts: Statutory Law is eroding citizens rights, takes away our freedoms, places power into a legal system that is unconstitutional and allows corruption to exist at all levels of the judicial system...

Hence, those that should be jailed are still walking around freely:

Hunter, Joe, HRC, Comey, Obama, Kerry, Pelosi, Schumer, Bushes, Cheney, Kissinger, et al....(both sides of the aisle...)

BOTTOM LINE

The power elite have infiltrated our government on all levels. We believe we are protected by our constitutions (Fed/State). **We are not.** (Think Jan 6 political prisoners still in a DC jail)

The World Cabal (WEF, Bilderbergers, Club of Rome, CFR, Bonesmen, K. Mafia, Lucifer's minions, et al) have **penetrated all principals of power:**
Political | Economic | Religious | Education | Law

There is no difference between the two major parties....**ALL ILLUSION!!!**

Green New Deal>>Agenda 2030>>Smart Cities= Full Totalitarian Controls>>NWO

The Plan: Satan and his army plan to overtake the world: NWO=1 religion, 1 economy, 1 political system, 1 judicial system under a totalitarian, locked down grid system (global citizenship of those left after depopulation)
(They will fail...)

Now that you know, you can't unknow. What will you do? Do your own research...

Prayer Points

2 Tim 1:7- For God has not given us a spirit of fear, but of power and of love and of a sound mind.

- Heavenly Father, we pray today for the continued presence of the Holy Spirit, who gives us the strength to overcome the interlopers who believe their plans to overcome Your people will succeed. We pray for strength to stand and occupy our lands against this evil. We ask for wisdom, and continuous presence of Your love as we share the truth about this world with others and are empowered to represent Your Kingdom here and now.

2 Tim 24-26: And a servant of the Lord must not quarrel but be gentle to all, able to teach, patient, in humility correcting those who are in opposition, if God perhaps will grant them repentance, so that they may know the truth, and *that* they may come to their senses *and* escape the snare of the devil, having been taken captive by him to *do* his will.

- Father, we ask for your gentle hand to embrace ours as we share worldly truths that most people are running away from or wish to deny its existence. We pray for pastors who are disappointing their flocks and not teaching humility and repentance, but rather prosperity and unity with the

devil's team. Help us to settle our senses to Your truth and to Your Word that describes for us how to avoid Satan's traps. We pray that we will do Your will, and stand strong as Your watchmen during these times of peril and to avoid all the devil's snares as we proclaim Your glory and sacrifice for us so that we may have everlasting life with You. We lift these prayers in Your most precious name, Jesus the Christ. Amen
