

**\*\*Crystals of Light**  
and the **Sticky Goopy Darkness**

**1.** The power source is a bright star which like the sun, burns with intense heat and light. The power source has an unlimited amount of energy and power, it is God. He has unlimited fire power as He is the Creator who made everything and keeps it going. There is NO stopping His power for He created it all and He is the All in All- with no beginning nor end.

**2.** Although He is all powerful yet He is also Love. The fire of His power is Light and Love, loving light. The light shines throughout the darkness, like our sun physically does, illumining the solar system, giving light to the world.. Our sun is only one of many stars but it is the one star chosen to give light to the world, even as Jesus Christ is the **one** Son of God that gives light to the world.

3. The Light of Christ shines in the hearts **that face Him...** and as we look to the Lord, **we are filled with brilliant light.** (They looked unto him and were lightened and their faces were not ashamed). The faces that tune in to the light, absorb His light, are pulled out of darkness and shine. They become mini stars themselves that shine for others... stars of the Son.

4. Vision: The power source of light shines through the darkness as darkness cannot stop light. Light destroys or eliminates darkness as it shines on it. Those living in the darkness have the choice to grab ahold of the light, or retreat into the deeper darkness to hide. The darkness is afraid of the light and runs.

5. Yet there are crystals stuck in the gooey darkness who when they see the light coming, they turn their faces toward it... and the light they receive destroys the hold the gooey sticky darkness has on them with all the pleasures of this world and dark evil, and they begin to leave the sewage of the world.

The power source never stops beaming its light rays to all.

6. Some of the crystals, (souls) love the light and will do anything to hold on to the light to pull them out of the dark river of sin. They feel loved by the light, and know it is good no matter what lies the darkness screams out with its big mouth. They that open and receive the light, get power. (John 1:12)

7. As the crystal first turns toward the light and receives the light of love there is a terrific struggle, a war for life or death. The darkness HATES to lose one of its crystals stuck in the matrix of mud, lies, sewage and poisons. The gooey darkness surrounds the crystal to try to cover it to block light from streaming into the crystals face. The struggle is for freedom or enslavement.

8. If the crystal begins to turn to the darkness away from the light beam, it loses power and the globs of darkness begin to take over and drag the crystal deeper into the void. The crystal loses power to make progress

out of the gross darkness, and begins to sink deeper until itself becomes dark and part of the problem, part of the blob of gooey, sticky sewage... and even can become an agent of darkness sent out to entice other crystals. Like in the Matrix, those who stop receiving the light, become part of the darkness to entice others to give up the light.

9. BUT if that soul, that crystal turns its face to the light and struggles to keep facing the light, the light streams in, empowers the crystal which disintegrates the blobs of darkness and begins to wiggle free from its hold. The little crystal is struggling to be free because it loves the light. He learns that as he focuses only on the light, not looking at the darkness at all, then the power is increased and he is pulled out effortlessly by the Great Power Source.

10. If we walk in the light as He is in the Light we have fellowship with one another and the blood of Jesus Christ cleanses us from all sin. (I John 1:7) The light of Christ washes away the darkness to pull us out and enjoin us to the Light and Love of God. Truly the Light is sweet and a pleasant thing for the eyes to behold the SON. (Proverbs)  
For God is light and in Him there is no darkness at all. (I John 1:5)

11. As the individual crystals are pulled out of the darkness, they are joined together with other crystals that have been freed by the light and together they make a greater force of light power that can resist the darkness and become an outpost of light for other struggling crystals to find strength. These groups of

crystals become a 'fortress' of light for those who make it out of the darkness, to be strengthened. They are the 'Ekklesia', bastions of crystals of light to help others to escape the Matrix.

12. Rare is the crystal that is so desperate for the light that it is drawn into the center of the power source. The only crystals that can do that are those who hate the darkness so much and their own weaknesses of darkness, that they know that to be fully immersed in the light will make them satisfied, happy and safe. They give up all to run to the light. Nothing in their lives is valued above being in the light, fully possessed by the power source of the Son.

13. Those few crystals that totally leave the darkness, are so desperate for the light, they stay their face, their mind, their soul on the light and NOTHING else. Nothing can stop those crystals for they are sold out to the light, and because they are pulled into the Power Source, they themselves become mini power sources that shine light out to others. They become mini suns of power and light that transform other crystals, pulling them out of the darkness as well.

14. Great War rages in the universe. The darkness is huge and covers so many of the crystals... creating clouds and a river of sewage that keep the crystals submerged, to block any light coming in.

The sewage also has agents of darkness to try to sabotage the light clusters that have gathered to strengthen the crystals that come out of the dark, hit men of gooey sewage to entice the crystals back into the sewage river. They are sold out to darkness, their consciences seared with a hot iron, reprobate.

15. Many times these agents of darkness, those sold out to the darkness, are successful in luring crystals to stop looking at the light and draw them back into the black cloud, and there is rejoicing of the darkness which is actually not just one massive cloud, but made up of millions of individual crystals blackened by sin and lies. They form clouds of darkness that entice and smother the crystals to possess them with goo and sewage..

16. The darkness cannot win against light, the only problem is that according to the rules of the war, **the light is limited by the crystal's desire for light and to face the light to be drawn out of darkness.** There is no victory without the light of love through the Word of God.

But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanses us from all sin. (I John 1:7)

17. In the beginning was the Word and the Word was with God and the word was God. In Him was life and

the life was the Light of men. And the light shone in the darkness but the darkness comprehended it not. But as many as received the light, to them gave He power to become the sons of God even to them that believe (drink in) the light, the Word.

He that believes on the Son (receives the light) has ever lasting life, but he that believes not the Son shall not see life but the wrath is on him (wrath is living without light or love)

18. This is the message we have heard from him and declare to you: God is light; in him there is no darkness at all.. (I John 1:5)

When Jesus spoke again to the people, he said, "I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life. (John 8:12)

The people living in darkness have seen a great light; on those living in the land of the shadow of death a light has dawned. (Mathew 4:16)

19. The Lord is my light and my salvation, whom shall I fear.

**Your Word is a lamp unto my feet and a light to my path.** (Psalm 119: 105)

The entrance of your words gives light, it gives understanding to the simple. (Psalm 119:130)

You, LORD, keep my lamp burning; my God turns my darkness into light. (Psalm 18: 28)

**Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like shifting shadows.** (James 1:17)

20. Then Jesus told them, "You are going to have the light just a little while longer. Walk while you have the light, before darkness overtakes you. Whoever walks in the dark does not know where they are going.

**Believe in the light while you have the light, so that you may become children of light.**" (John 12:36)

When he had finished speaking, Jesus left and hid himself from them.

Even after Jesus had performed so many signs in their presence, they still would not believe in him. (remained in darkness, not willing to pay the price of being cleansed of sin)

**21. The city does not need the sun or the moon to shine on it, for the glory of God gives it light, and the Lamb is its lamp.** (Revelations 21:23)

But you are a chosen people, a royal priesthood, a holy nation, God's special possession, that you may declare

the praises of him who called you out of darkness into his wonderful light. (I Peter 1:9)

But let your light so shine before men that they may see your good works and glorify your Father in Heaven. (John 12:35-37)

## Agents of Light

22. Some crystals are so full and so possessed of the Light of the Son that they can endure going into the darkness without being sucked back into it. They spend time in the power source, absorbing all they can, and then are sent out on missions to shine light into crystals that are peeping their heads up out of the river of sewage or dark clouds. The light beam from the agents is pulled out of them by these 'hungry' crystals who want to be free from darkness but do not have enough strength on their own.

23. The agents of light are the core of the power source's mission, for mainly through them are new crystals freed from the darkness. They go out on dangerous missions, very close to the dark clouds; they are trusted by the Power Source because they've been tested and tried and found true. Their loyalty is sealed. They have been tried by fire as gold.

24. They won't leave the light. So they are sent out on missions as the power source can detect where there are crystals seeking to escape. The agents go near the sewage river to beam the signal to those seeking the light... just as Morpheus and his ship entered the domain of hell, the Matrix, to pull those out who struggled to be free.

25. They are the warriors, those who **can** resist the temptations of darkness and sewage to remain strong in the light so they can be used to pull others out. They go into or near the darkness for awhile, on rescue missions or even search and destroy missions, to destroy blobs of goo that are stopping a crystal trying to be free.

26. Yet even these trusted ones, the agents, get weakened after awhile, and have to return to the power source to get restrengthened, powered up and refreshed. They need healing from the wounds by agents of darkness and even some cutting words from those coming out of the goo, who are in the struggle phase. Sometimes they wound the agents of light because they are not totally out of danger yet... their hearts still divided.

27. Why does the All Powerful Creator allow this war to go on? Why doesn't He just destroy the darkness once and for all? Because the Power Station, God Almighty wants **willing crystals** not forced. Each must make their decision to want the light and want to come out of the darkness. Those who do make the right choice and escape, are empowered with great joy and used to spread the kingdom of light to others, to save them.

28. Those who love darkness will either be destroyed eventually or live in the outer regions where it is without the light of love. They have allowed this world and the spirit of darkness to control them. Those living in the sewage think they have all the time in the world to enjoy darkness, but there IS a time factor.

29. God has set the time. There will come a day when all will have been given a choice to embrace the light or remain in outer darkness.

Then the King will come out of his place to return. Then all darkness will be consumed with the brightness of his glory.

A great sword of light that gives life to those seeking light and death to those who choose death. Eventually those who cleave to darkness will be burned in the second death, if they will not give it up.

30. Then the heavenly kingdom of light will descend from above to live on the earth, but not until the second great testing comes. The king of goo and sewage will be let out of his cage to entice the world again with his lies and evil. Many will cling to his lies,

be deceived and drawn back into the darkness of hell. They will fight the fortress of crystals who stayed true to the Light. They have found great joy in the light, have given up all their darkness, to be transformed into crystals of light.

31. Just when they surround the camp of the saints to destroy them, fire will be released and fall on the wicked to burn them up. They will not succeed and that will be the end of the wicked and of the Great Deceiver, Satan. All who love and make lies will be cast into the lake of fire. Finally the world will be free from darkness and the gooey sticky sewage, and live in the Light of Love forever.

32. Darkness cannot win and then in the dawn of the Kingdom of Heaven on earth, those stuck in the goo will be freed from the sewage of darkness. Those who lived for the light will continue to serving the king as His ministers of His light. We will rule this world with His iron hand of love and truth, strength of mercy to train others to live for the light. There is no end to the missions of the crystals, the sons of light.

God is manifesting His power and will continue to do so, through us... for we are His face, His walking books of light and truth. Nothing will stop it.
