See The Need

- Sex Trafficking is a 150 Billion dollar a year industry
- It is the fastest growing criminal enterprise in the world.
- Over 40 million victims are trapped in it today
- There are over 2 million Child sex slaves in the world
- Child rape trafficking generates more revenue annually than the MLB, NFL, NBA, and NHL combined.
- According to the National Center for Missing & Exploited Children 337,195 went missing in 2021 in the USA. ([missingkids.org](https://www.missingkids.org))
- Child Rape is in all 50 States, and in all our backyards.
- No child has immunity!

What Is Child Rape Trafficking?

- When a child (under 18 years of age) is recruited, harbored, transported, provided, obtained, patronized, or solicited for the purpose of a commercial sex act, proving force, fraud, or coercion is not necessary for the offense to be prosecuted as human trafficking. There are no exceptions to this rule: no cultural or socioeconomic rationalizations alter the fact that children who are exploited in prostitution are trafficking victims. The use of children in the commercial sex industry is prohibited under U.S. law and by statute in many countries around the world. Sex trafficking has devastating consequences for children, including long-lasting physical and psychological trauma, disease (including HIV/AIDS), drug addiction, unwanted pregnancy, malnutrition, social ostracism, and even death.

Mission Statement

The mission of Chain Breaker Team is to restore children and adult survivors of human trafficking and State Foster Care programs, by giving them a permanent family, belonging, and healing within Christian homes where their spiritual, social, emotional, physical and educational needs can be met.

Our Strategy

- Initially, our mission was planned to be accomplished in individual Christian family homes of those who have been trained to lead a Home Congregation. (Ekklesia)
- However, the Holy Spirit has been leading individuals within the Ekklesia to develop larger private homes for larger families.
- As a result, CBT is now providing professional resources for the Directors, House Parents, and Leaders of Group Homes. (Ekklesias)
- Therefore, CBT will provide **aftercare** resources through inspirational leadership, assessment, counseling, training, coaching, healing, Medical assessment and referral, and prayer support as necessary for Foster Care, Adoptive Parents, and Group Home Leaders.
