

*****A Declaration of Revolution
for Jesus Christ**

It's a Takeover

(for the kingdom of heaven since the time of John the Baptist suffers violence, and the violent TAKE IT BY FORCE.)

1. This world is controlled by Satan and demons. It was given to him, and he gives the world to those who yield to and serve him. This world's system is geared for one thing, total control of humans to enslave them. The only hope is

salvation in Jesus Christ, being born again in heart, and staying close to Him as much as you can.

2. The only way to be truly free is to stay free of the system as much as possible and live for Jesus and lost souls, otherwise we just continue to be cogs in the machine of the matrix, a life of selfishness, sin and Satan. Without a total revolution, there is no real change. We can only be freed from the tentacles of the enemy through a transformation of our soul through Jesus and the Holy Ghost of God. That is the only real revolution, and then staying separate from the world in spirit, walking with Jesus and abiding deeply in the Word.

3. To be totally free, to be so free that you have power to pull others out of the Matrix, out of the system, there is a sacrifice... and the sacrifice is... leave the world behind to embrace Jesus, so you can be free to reach the world of those enslaved or not even born again yet. The world is waiting for someone to bring them the hot, life changing gospel of Jesus Christ... and there is a time factor.

Note: (Of course we can't totally leave the system as we need it and use it for now, but we

can leave it in spirit, in our hearts, away from its influence)

4. Satan wants to dominate the souls of humanity and if we don't reach them or give them a chance, Satan will rob them and destroy them with his hell on earth. We are in an ALL OUT WAR for the souls of humanity, for every person... that's the battle, that's the war, and we are in it. The battle is not to save the country as Satan's people already control it.

5. We live in a difficult age, the most difficult ever to be a live Christian warrior, because the whole system is being set up to stop us, to stop truth, freedom and even real love, as the enemy sets his trap to ensnare humanity. This world is being aligned to Satan more and more every day, to block truth, Christians, and godly people out of the system.

6. The handwriting is on the wall, we all see it and they are working on it, trying to implement it. They want... Satan wants TOTAL control just like every tyrannical psychopath in history, for they all were possessed of Satan. The Enemy is making war on us through his worldly agents in power... we are the thing that is in his way.

***Satan possessed every world dictator and world government in history.**

7. The church system is going to be destroyed. God will allow it because He wants people to live their faith, to be without any crutch or fake religion, so they can be face to face with living their faith not just talking about it. The church system is a watered down and even destructive institution of compromise with the system. The antichrist forces are going to destroy it, as they always do, but God will allow it as it is like the tree that is fruitless and encumbers (restricts) the ground. (stops growth)

8. America is not going to be resurrected into a great nation; America is going to fall and the real believers, the remnant are going to find themselves having to live their faith, as outcasts and criminals and will have to live underground or flee to survive, just as all believers did in history. God will get His missionaries in anyway He can, forcing them to go by persecution.

9. If you think God is for America and wants to save the country, you need to take a hard look at America's fruit. He wants to get rid of the

festering sore and producers of poisons of every kind, to save humanity. (of course we want to see it change, but it's going to take hard judgment for most to return to God)

The USA has been totally taken over by the Enemy and is going to fall, and fall hard... but even that is out of love... to save their souls. God is more interested in souls than countries or even our flesh.

10. The remnant will continue on reaching and feeding the lost or leave and find new lives in other places so they can save their families. Persecution drives out the believers to other places that need the gospel, that's how important it is, and how far God will go to get the job done. We weren't willing to do it, to get the gospel to the whole world, so He will force us to do it through driving us out of our comfort.

11. Living under the antichrist world government will not be easy, but it will grow our faith. We will be desperate just to survive, and that will make our faith flourish as we seek His face to find out how to live in hard conditions... just like real believers have had to do for 2000 years. Then our faith will come alive in us and we will have the greatest joy and do the greatest

miracles ever... in humility, in want, in brokenness.

12. That is when the Spirit of Revolution will explode, the true revolution of Jesus Christ, as we find a very close and deep relationship with Him which will cause explosions of His Spirit all over, as we pour out the truth to the world... to a love starved world. **WE WILL BE THE REVOLUTION OF GOD**, not some outworn, compromising, decrepid church system.

13. We will explode with His Holy Ghost, to deliver the truth to others, and great miracles will be done through us to protect, heal and supply for many. We will **LIVE** what Jesus and His followers did, to train others, to save souls, to get the Word out, as well as to protect, heal and supply.

14. We will be the Revolution of Jesus Christ to stand against this wicked world government of the antichrist, the Satan-possessed world leader. We will stand against him, even bring down great destruction when the time is right, as we lead His children away to safety. (We meaning all those who devote themselves to Jesus in obedience)

15. We are the Revolution of Jesus Christ for the days of the End.

This is our time of training to know Him deeply, to learn the art of war, and to be enflamed with His power to boldly witness His truth, not even caring for our own lives.

16. We will stand against this filthy system and its demonic perversions. We will be filled with terrific power to pull others out of it. We will stand against this world government, pronounce God's judgments on it. We are the final Revolution of Jesus Christ and how you train for those days will determine on how much power you will have.

17. We live for this day to be the bomb of all history, the greatest spiritual bomb since Jesus Christ and His disciples, and **we will explode with the fury of the wrath and love of God.**

Are you ready to BLOW!

Earth-Life Training

18. Mankind cannot be trusted with high technology for it always falls into the hands of the wicked, those who lust power, it is always used for the military. We cannot be trusted unless totally transformed by the Holy Spirit and tested in our decisions and choices. Only those tested and purged in the fire and still make the right choices of love over selfishness, humility over pride, and obedience to the Lord over self will, can be trusted in God's eyes to rule the world.

19. We are all going through the fire of earth life and it is the testing ground that will provide the Lord with those who can rule the world with Him in truth, righteousness and love, for God is love and He is truth. The greatest test is in obedience; do we put the Lord first in our lives and decisions?

20. This means there are different levels of obedience just as there were different levels of obedience with the Lord and His disciples; some went all the way and some did what they could where they were. Each person is called by the Lord in His way. It's not our calling that determines His blessings, but our dedication and

faithfulness to His calling that determines His power, blessings and anointing.

IT'S A TAKEOVER

21. Did Jesus win the world while living? Did He the Son of God get rid of all evil, set up the kingdom of Heaven on earth, and destroy the forces of evil, bringing freedom to all people? No, in fact in the eyes of the world he was a failure, crucified as a common criminal.

22. Jesus came, lived, and died planting the Seed of Spiritual Revolution in the hearts of His followers who then carried the seed all over the world. He trained the warriors of the spirit who led the charge to plant the kingdom, creating the ecclesia, the local stations of the kingdom to reach the lost.

The Seed of Revolution of His blood and resurrection conquered Satan, death and hell, while His Word and Holy Spirit **lit** the fires of spiritual revolution all over the world.

23. Now, those who want it can be freed from Satan's grip, free from fear, hell and death. We are free in spirit and have become citizens of the kingdom of Heaven, a New Jerusalem. (not the old carnal country of Israel and Jerusalem, but an amazing beautiful spiritual-physical New Jerusalem.

24. We are taking over this world by the seed of God, the Word of God, the Son of God. It doesn't look like we are winning as we operate underground, living in enemy controlled territory, as we free one person at a time. We are winning souls while Satan goes about to control the world politically and economically.

25. We are transformed into citizens of the kingdom while living inside enemy controlled lands which always persecutes the people of the kingdom... for we are not of this world.

26. We are of another world, the kingdom of Heaven, and we are here to OVERTHROW the kingdom of Satan and he knows it. We are here to destroy his kingdom by bringing the Seed of God, Jesus Christ to the hearts and lives of the world.

27. This transformation is powerful for it rends our heart right out and replaces it with a totally new person, born again into the kingdom of heaven, a new creature, a total revolution by the Spirit of God. Every one of us that is won, and on fire for Jesus Christ is a danger and threat to Satan's kingdom, and that is why we are his most wanted enemy.

28. As **they** become more and more possessed, as we get closer to the end, when Satan and forces get desperate, they will try to stamp us out completely, but won't be able to. Some in the world will help us, those who want to be free and who hate the beast and his system of insanity. They will hide us as we bless them with the power of Love, the truth, healing, and maybe, **possibly**, even taking the chip of the beast out of their hand or forehead.

29. We are the Revolution of the Kingdom of Jesus Christ. We are the fully transformed warriors of the King. We are here to TAKE OVER this world for the kingdom of God, and it is a vicious spiritual war for every person. It takes grit, guts, stamina, endurance and patience. Herein is the patience of the saints.

30. Our daily training in the art of spiritual war is vital to our survival now and in the days of tribulation. For as much as we are trained in prayer, prophecy, praise, hearing His voice, and in sharing the gospel, will determine how much power we will have then... just as any athlete or professional in training.

31. The goal is to be **One with Jesus**, to have His Spirit and heart beating in ours, **totally possessed of the Holy Ghost**, and being led directly by His voice. Then we will experience the miracles that the disciples did for it will not be us doing it but God in us.
