

Turn on the Light- AME -2

Walk in the Light

1. Jesus said to beware of the leaven of the Pharisees which He said was hypocrisy for they laid on others, burdens and hardships that they weren't doing themselves. In other words, **they were those who controlled others with the Law but didn't do it themselves.**
2. Every effective teacher of the Word knows that your messages and classes go over better with personal experience from a heart that is doing the Word, not hearers only. Your daily living the sermon is more powerful than just teaching something from your head.
3. One of the hardest things for the heart, spirit and mind of man to do is say I don't know , I don't have the answers and I need God. That is why it is difficult for people to

receive Jesus Christ, it is pride that resists and ‘says’ I can do it myself, or I don’t need God.

4. The more we live for Jesus in service to others the more we find out we DON”T know what to do, how to do it and need to ‘**not lean to our own understanding but in all our ways to acknowledge Him and HE will direct our paths**’, and that ‘**without Him we can do nothing**’.

5. The beautiful revelation of Ask Me Everything is the hardest way of life to accept and do, for it says we don’t know, we need the Lord in every decision, every action, all through the day. It is hard for our pride to accept it much less do it. It’s also just so easy to forget to do it when busy.

6. But there is great fruitfulness, great blessing, and such peace as we incorporate the Spirit and the Mind of Christ in all we do. It seems like the most difficult thing to do, but as we begin to do it, we find out how effective it is, and **how it saves more time**.

7. We usually go about our day the best we can, make many decisions and start many things without stopping to hear from the Lord in the quiet morning hours. Many people do not know how easy it is to hear from the Lord and even to have personal prophecy time but if we did, life would go so much better. Many do not see the importance of stopping and listening.

8. We think we have to do as much as we can and have to do it immediately, when Jesus is right there with us waiting for us to ask HIM what to do , how to do it, what

things first, and if we need to do it at all. If we don't check in with headquarters at every turn, then we are on our own and have to pay the consequences.

9. It's like the story about Joe the machinist. He was the best machinist that the company had, and depended on him to fix any problems, and run the machinery without problems. He knew the machinery well having worked with that kind of machines for many years.

10. One day the owner of the company came to Joe and said, we have a new machine, a very expensive one, and it is going to help us get much more done and more quickly. This machine is computerized and I know you are just learning about these kind of machines so after you take the course on how to run it, please don't try to fix it yourself.

11. This machine is complicated and very expensive. If there are any problems, call me FIRST; don't try to fix it yourself. It will take much longer to learn this kind of machine. Joe said, 'Sure boss, I got it, if there's any glitches, I'll call you'.

12. But you know Joe was a bit over confident, and proud; he really thought he could fix any machine. Later that week there was a problem and the machine shut off automatically. Joe's first reaction was, 'should I get the boss'? Hmm, I think I know what's wrong and he is in a meeting... I'll just do this, and a little of that, and change this, and turn it back on.

13. As he turned it on, it made a terrible sound, and yes that's right, the machine broke. It was ruined, and the

company was at a great loss as it was so expensive... Joe broke it. The boss was furious and Joe lost his job. 'I'm sorry Joe but you destroyed this expensive equipment after I told you to call me if there were any problems. I can't have someone working for me that won't listen or take orders. **You're fired.**'

14. That is a strong way to put it, as we know the **Lord is ever merciful and lends and His seed is blessed**; He's not going to fire us unless we refuse to listen, but we will miss out on the best, and it will result in loss of some kind because we just can't possibly know what is the best way, best decision and best direction. Only God knows what to do and how to do it.

15. Stopping to ask the Lord, to acknowledge Jesus in all our ways, and ask Him what to do and if He has anything to say is hard on our pride, and many do not even know that Jesus wants to have that kind of close, intimate relationship, but He does and in fact, that is the way of the fruitful Christian. If you abide in Me and My words abide in you, you shall ask what you will and it will be given to you, and **without Me you can do nothing**.
(John15:7)

16. The key to all blessings, fruit, and growing in Jesus is the **Ask Me Everything mode**. Even if you only start doing it once a day in the beginning of the day, your life will change. Then as you get the hang of it, and implement it more, you are really going to bring God into everything and you will please the Lord as well as become more fruitful, effective and blessed.

17. This way of life of AME is the beginning of full possession and having the Mind of Christ because we are connecting to His Spirit, His mind daily, many times daily, and the Holy Spirit will just be present, anointing what we do, showing us how to do it, as we stop, listen and receive His thoughts. It creates a deeper relationship with the Lord that He can use more since we are listening.

Implementing AME

18. Practically speaking these are ways to implement AME. First we have to ask Jesus for the gift of prophecy. That sounds like a really big mountain right at first as you might say, I'm not a prophet, I can't see the future, I can't hear from God.

19. That's right you can't, but Jesus can. **Jesus IS the Spirit of Prophecy** so if you have Him in your soul and the Holy Spirit, the gift of prophecy will come naturally if **you ask and try**. Ask, and try it. You will be surprised. In fact He may do more than you think. Personal prophecy can become like breathing if you do it consistently.

20. Say something like this: 'Jesus this looks difficult and I don't know if you even want to speak to me about everything, but I'm willing to try it. I ask You Jesus to give me this gift of prophecy, personal prophecy for hearing from You each day, and several times during the day, to know Your mind, Your will, You way and Your direction.

21. My day is so set and schedule so routine, I don't see why it's needed, but you said it is. So help me to do this, to bring You into my life more by asking You everything. I

acknowledge that I cannot do this, and I ask You to do it through me as I take the steps to try.' You promised that if we ask we will receive and if we seek and knock you will answer.

22. We may think, but I do pray before I do things, I pray when I wake up, before eating, driving, working, and even sometimes during my job I will stop and say a prayer over what I am doing. I don't have time to stop and ask the Lord for words and a message. But praying over something and praying to hear are two different things.

23. Most of us think it is too difficult and why do it; we know how to do it. We don't see the magic of having the mind of Christ on what we do, we don't see the problems brewing; we don't see how God can empower, enlighten, energize what we do. We don't realize how much Jesus wants to be a big part of our life and increase our connection.

24. AME is like turning on a light in a semi dark room. We think we can see okay, and we don't need the full light on... but then we don't see the little tack that fell on the floor and step on it, or we don't see the car coming out of nowhere that hits us, or we don't realize what's up ahead that may change our decisions. We couldn't see in the partial light, but as we turn on the light to take the tack out of our foot as we say, '[why didn't I turn on the light](#)'.

25. 'Turn on the Light.' Stop and say to Jesus, Lord I don't know anything but You know everything. You can see far beyond this little job and day. You know how to do it best, you can empower me more, so I stop and ask You about

this before I began. Do you have any words, or thoughts, or anything to show me before I start?

I claim Your word, I can do all things **THROUGH** Christ who strengthens me, in all your ways acknowledge Him and He will bring it to pass.

26. Help me to hear from You right now and I will write it down.

As I am writing this class out I look to You and ask You for anything else. Is there anything more You would like to put in here. I look to You for Your words.

(I stop and ask Jesus this and this is what He gave)

(prophecy)

27. Yes, I always have more; I always have something to say or some touch to give. What I am ultimately teaching with this 'program', this way of life, is to have more of Me, more of the Holy Spirit and more of My mind in all you do. I'm using this to transform your life into the warrior and Christian I need to change this world.

28. This mode of Ask Me Everything is a life changer; it's a world changer, for such a sacrifice to your self, your pride and your way will result in resurrection power, anointing, enlightenment, joy, great fruitfulness and blessings. This is the key to being the elite warriors of the end who will be fully empowered to stand against the forces of Satan.

29. I say resurrection power because it is a dying to self and your own will to take on more of Mine therefore it results in the same kind of power that was received from My death on the cross. **To have that kind of power and blessing costs a lot but it also gives a lot, it gives the best.**

30. I will bless every time you implement this life style. If you go through with it and do it, your life and your family's life are going to be blessed beyond what you can think. I will put My stamp of blessing on those who ask Me everything.

31. **This will make your life exciting, like a children's treasure hunt**, because as you walk closer to Me, including Me in your day, there are going to be blessings for you to pick up. **There will be gifts of the spirit to receive, a greater anointing, and the greatest prize of all...heavenly thought power.**
(end of prophecy)
