

# God's **Hitmen** & Spies

Inspired by the movie **3 Days of the Condor**

1. To summarize the movie, a CIA office of researchers is hit. Everyone is killed except Redford. He discovered a plot of a CIA inside the CIA doing secret operations, wars and regime change.
2. Redford survives being hunted down by using wit and we get a good taste of what it's like to be hunted like a criminal and how evil the CIA is. We can learn a lot because we are going to be living like he had to, staying low, hiding, as we get our work done of reaching the world.
3. We are God's spies who are living in enemy territory sent here by our King to spy out the land, find those who need us, and destroy the spiritual

enemy's hold on people. We are God's hitmen with the spiritual weapons that can destroy demonic influence on people that want to be free. Spies secretly go in to enemy territory to get information or destroy enemy assets. Our very presence destroys their assets.

4. These are the days when the world is turning upside down, inside out and backwards. Evil is now the good, and the good is now evil. Christians, conservatives and the Bible are evil in the eyes of the Woke Liberal and Globalist crowd, and no doubt they will ban the Bible eventually as a racist hate book, just as do in communist countries.

5. In communist East Europe, we were winning some of the youth and training them secretly. We had to hide and meet in quiet places as we could go to prison for five years for every Bible, and would have blacklisted the youth and their families. In the Soviet Union in 1984, I was arrested and went to military court for giving a guy a pamphlet.

6. We are coming in to those days again as all the signs are there and keep getting worse as the Cabal imposes their creepy agenda on the world. The Great Reset and the digital economy will give them complete control over all. They will have the ability to block anyone they want out of society... just as they do on social media.

7. We will learn to operate clandestinely to continue our work of secretly freeing others with the power of Christ, His Word and the Holy Spirit. We will be powerful and will be the thorn in the system's feet. God is not going to let us go down without a fight and some great victories.

8. We could learn some hard core lessons from our Chinese Christian brethren who have had to adapt for decades now. They cannot be open, they meet in secret, they share the truth in secret, and have to live like criminals in a antichrist society. It's the same as the early Christians had to do in Rome especially when the persecutions were strong... they met in the catacombs under the city or where ever they could.

9. In the movie Robert Redford, the bookworm spy has to hide to avoid being found as he uncovered the secret plan of the cia inside the cia and they hired a professional hit man to kill him. In that kind of political spy world, killing people is normal and as the hitman said, ' I get a peace when killing someone'.

10. This movie has a good ending. Redford, Condor, writes the story and gets it to the media who is going to print it... showing that the truth, the Word is powerful, and if we get it out, it does the job. As we get out the Word of God to people,

it does the job for us of entering people's hearts, changing them, and washing out the lies, poisons and fake news.

11. The more we give out the Word the more power we receive and more influence we have. Of course if we give it to the wrong person it could be dangerous, but we are responsible for being God's deliver boys and girls and we have to do our job.

12. The CIA uses people that Condor knows to lure him into a trap, to kill him. It got his best friend killed. Condor 'hijacks' a girl in a store (Faye Dunaway) and hides out for a few days in her place. It reminded me of the miracles the Lord had to do for us to supply housing or food when on missionary travels to other countries. The Lord would raise up someone to help us as we poured out His truth and love to others.

13. We were able to infiltrate into any country, survive with no money, to get the job done of reaching that area with the truth. Sometimes we would get persecution from some hateful antagonistic person, but when we focused on them and prayed, God took care of them, and in one case killed them. Our prayer was for Jesus to stop them as they persecuted us and others.

14. Let the world beware, for if they offend or hurt one of these little ones that believe in Jesus

(us) then He can deal with them for we are His agents to get His job done of giving the truth... God's hitmen.

15. The handwriting is on the wall, the signs of the times are appearing everywhere... persecution of the Christians is being planned. Even if the human agents don't know why, Satan does for we are HIS MAJOR OPPONENT that have the ability to destroy his influence and hold on people. We are the spies, hitmen, and agents of Jesus Christ to spoil Satan's fun of creating a world government.

16. Eventually Condor wins over help inside the CIA and is able to be vindicated. He was the number one suspect of killing the other bookworms, and then he was able to get the truth out to the world. Even though it was a very lonely life of living on the run, hiding out from being captured, he had peace that he was getting the job done of exposing the wicked.

17. In our 'movie' of the End Time, we will be enflamed with the fire of Jesus Christ to burn brightly for Him. We will quietly win many to Jesus, and even some inside the headquarters of the antichrist. That is why it is so important for us to get out as much word, and love others into heaven... for Jesus will use them in the future, and may saved them.

**18. We have and will have the most exciting lives of all, living on the edge of life and death, as we ride this wave of the End as the ministers of fire. Then one will touch us and be healed. One look from our eyes and their soul is healed; one word of prayer resurrect from the dead and even better, win them for ever in salvation.**

**19. The End Time is OUR SHOW to shine the light of Jesus Christ to all. This is NOT Satan's hour nor his antichrist, it is OURS... for we shall shine on the stage of the world to bring them life, love, truth and eternal life.**

**20. That is the name of the game of the End and it is quickly approaching. To step into our role, we must be fully soaked in the Word of God, prayer, and Holy Spirit. To be soaked in Jesus, we must add to it each day, by absorbing the Word into our**

souls. Then we have the fire in us to burn and burn will will till Jesus returns.

21. And before He returns all hell will break out as we step into our roles to DEFY the Beast and his antichrist system. We will have power of life and death; we will burn and destroy the beasts forces, blind them, confound them, and have God kill them, for we belong to Jesus Christ and we fight HIS enemy, Satan.
