

When the Lights Go Out

(inspired from Orwell's 1984)

(caption) Every record has been destroyed or falsified, every book has been rewritten every picture repainted, every statue and street renamed, every date has been altered. HISTORY HAS STOPPED. (1984)

1. Brainwashing has been easier and more effective than the cabal ever dreamed. The constant pounding into the psyche of the world on every main media, the constant attacks on those who stood for truth and freedom, and the filling of minds with destructive directives, have been very effective in controlling and forming public opinion.

The Masters of deception and propaganda have gotten it down to an art-form of effectively

programming the minds of humanity to believe any way they want.

2. This quote by Sigmund Freud's nephew, Edward Bernays who wrote the book **Propaganda** in 1928 and upon which most advertising is based.

“The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in ‘democratic’ society. **Those who manipulate this unseen mechanism of society, constitute an invisible government, which is the true ruling power of our country.** (E. Bernays)

(meaning, the mass media mind manipulation of the masses to control the public is their democracy)

3. As the Cabal, the illuminati got control of both the money supply of nations and the media, that allowed them to form world opinion, introduce destructive propaganda, spread socialist-communist ideology as their goal was world domination. Destroying the Christian and godly culture by every devilish ideology was their tool to weaken and brainwash.

‘Everything faded into mist. The past was erased, the erasure was forgotten, the lie became truth.’ (Orwell 1984)

4. By hitting on the emotions of the world, the words Liberty, Equality and now... inclusive, woke, won to their cause the masses of the weak minded . The masses never learn, and instead of freedom, bread and equality, what they get is slavery, poverty and tyranny. The cabal has brainwashed the world, to where they now call evil as good and goodness as evil.

As the famous quote by the CIA director William Casey said:

"We'll know our disinformation program is complete when everything the American public believes is false."

5. 1984 has been heralded as a great work for freedom, individuality, and democracy but little is known by many of Orwell, whose name is Eric Blair and was a member of the Fabian Society, a radical socialist group whose goal is STATE control of industry which is pure communism. So perhaps Orwell started as a communist but later woke up.

6. In the movie and the book, 1984, he exposes the manipulation of the public, changing history, with that constant drumming of lies, half truths to reconstruct what is normal and washing away what was once reality. Constant war also is a needed ingredient in the cabal's war on humanity. War keeps the masses in line, as everyone must sacrifice for the war effort, as they induce that fake patriotic spirit... the same

tactics used today by the Cabal-controlled American government.

7. Although 1984 exposes tyranny, thought crimes, double speak and brainwashing, the real effect of the book is fear. You will disappear; you will be ratted on by your children; if you dare even write in a diary you will be found out. It seems that 1984 is exposing tyranny of the socialist state but actually it spreads fear, and hopelessness. The message seems to be... there is no use in fighting back or trying...you will be killed or tortured.

8. Yet the book was one of the first to really expose the dangers of socialism-communism and authoritarianism. Written in 1948 and published in 1949 , it is now a prophecy fulfilled of what was coming... an honest look at what the future will look like. The globalists created communism to be their destructive agent to take over countries, to cause division, war in nations. .

9. Even the main character, Winston's attempts to be free, are all known, as spies are everywhere. It all seem like futile attempts to be free from the tyranny and from the boring normalcy of society. He begins to hate the fact that everyone falls into line and obeys out of fear. He wants to be free from it but does not realize how much control the system has.

10. Orwell spelled out what was coming to the world and he should know as he was a socialist. Was he warning the world of the horrors to come and to resist it, or telling us there is no hope in trying to fight it. Maybe he saw where socialism would lead and decided to expose it, finally waking up to horrors coming. He says...

“Almost certainly we are moving into an age of totalitarian dictatorships – an age in which freedom of thought will be at first a deadly sin... The autonomous individual is going to be stamped out of existence.” (Orwell: Inside the Whale)

The moral to be drawn from this dangerous nightmare situation is a simple one. Don't let it happen. It depends on you. (Orwell)

11. Speaking of Stalin's Communist Russia and Hitler's Nazi Germany, Orwell explained:

“The two regimes, having started from opposite ends, are rapidly evolving towards the same system – a form of oligarchical collectivism.” (Orwell)

Orwell saw the handwriting on the wall, the signs of the times and where communism would lead to, he decided to warn the world of the complete destruction of the individual in the hell of a satanic state. Being the writer he was, he understood that it meant the

crushing of creativity, life and freedom in all spheres of life.

13. The famous quote by one of the founding fathers of the American Revolution that spells it out clearly: 'We give you a Republic.... If you can keep it'. In other words it's not easy to keep freedom and the early patriots should know, for they escaped tyranny from Europe and then had to fight for freedom in the new land.

There is a conspiracy against the free both politically and spiritually, and that force that pushes it is spiritual...the destructive ideology of sin-filled-hearts of power hungry men and the demons of hell

14. Now the prophecy of 1984 has come to pass. The totalitarian countries of the Soviets, the CCCP, Nazi Germany were practice runs for a world government that will dominate every part of life, every movement, transaction, word, and even thoughts, unless humanity awakens and somehow stands against it.

15. **When the lights go out,** and they make their move to take down every nation, it will seem like total darkness, the greatest time of trouble since the world began for it will be world wide and it will be total. The world government forming is anti christ, and when they get power, they will crush opposition just as all totalitarians do.

16. But there is one brightly shining light that will never die and that is the fire in the followers of Jesus Christ. They can never stop us all and even if they did, we will be back. We will return with our King to wipe them out, and while we are here on earth, will blow apart their insanity with the flame of truth.

17. It is our calling to NOT let the lights go out, but to reach others with the light of truth, to win hearts to Jesus and His message, to fill their lives with the Holy Spirit and word of God. For then we keep faith alive on earth as we wait on the return of the King.

18. What have you done this week to keep the fire of faith, truth and light burning. The following words show the mind of the fighters and why the cabal and demons of hell know the Bible and believers are the most dangerous enemy to the antichrist authoritarian psychopath system..

19. 'You cannot control or stop a heart inflamed with the love of Christ because God in us takes away all fear. We will stand bold and free, as we leave God's mark on people's hearts that will last forever'. Those who receive Jesus will be plucked out of the darkness and lies.

20. We are not waiting for 1984 conditions for they have already come. The blanket of lies has covered the world, brainwashing humanity with their constant propaganda. We are living in the days when the

Enemy is taking control but hasn't been anointed king yet. They are consolidating power, and there is some resistance to them. There will be more wars by the world government against those who resist their power, as they subdue the world.

21. What we do to prepare spiritually will determine how many will have the strength to stand against the flood and be saved. We have been called to carry the Light to strengthen, heal and save those seeking truth, to fight with the spiritual weapons and Word of God. In the physical it may look like we lose, but there is NO stopping the Word of God.

22. Unlike 1984, we will not just rebel against the world government, but will expose it, save others out of it, and if God wills, to stand against it with miracles of judgment for their crazy wicked evil of worshiping Satan and crimes against humanity. The Enemies of God are trying to change our very DNA and every truth of creation and godliness. It is the upside down, inside out, backwards, and diminishing world of insanity of Satan himself who hates God.

23. Those that do not wake up and snap out of their brainwashing will get worse until they have hardened to the voice of truth, become slaves of Satan, and do the craziest things. They will change their sex, lose natural love of family; fall to perversions of all kinds, connect their minds to computers, and ultimately giving up their own will and individual being to be

connected directly to the spirit of Satan in a trans-humanist hell.

24. 1984 spelled the problem out very well. Orwell warned us of what was coming upon us, the erasure of history, the complete brainwashing and control and the eradication of the individual, creativity, forming a conformist hell of fear and total domination.

25. I felt the failure of the book and movie was it portrayed a feeling of no hope.. The globalists have won, the communist-globalist-tyranny will get you in the end for they will have control over everything.

26. But Orwell forgot God and His people. **There is a greater army** forming than even that of patriots of countries, and that is the army of believers in Jesus that God is raising up that will be a force against the spirit of Satan. We are waking people up, saving their souls, pulling them out of hell on earth. And when they try to stop us, just when the world government thinks they will exterminate us, the **LIGHTS WILL GO ON** as a flash of lightning shoots across the sky,

heaven will be revealed as we see Jesus Christ with the forces of heaven coming to do battle with them.

27. **Until then, we hold the light**, and we must shine His light of love, hope, truth for that will be the **ONLY** hope in the future. All other hope will be gone as it is a spiritual war not political. Jesus said, 'Now when these things begin to happen, lift up your heads, because your redemption draws near'. We will witness the end and the second coming of Jesus Christ after the tribulation.

28. Jesus Christ is **NOT** a fairy tale like the vermin rat Harare of the WEF says, and he is going to have to give an account to God Himself for luring souls to damnation, and for giving his soul over to Satan to inflict the world with his trans-human hell on earth.

29. **WE hold the light for the world to have hope**. We must keep that fire of faith burning in our souls so others can find life, for without that connection to God, there is no hope. We must keep the Word of God deep in our hearts to have that fire, for without Him we are nothing, yet with Him we have everything.

(message inspired in prophecy)

30. My precious people, do not look down into the defeat of hopelessness; I have given you the answer to life. Yes I said in the world you will have tribulation,

but be of good cheer, for I have overcome this world. Your victory is your faith.

31. If your expectation is a patriot victory over the forces of antichrist, you will be disappointed, for the walls of nations and sovereignty erode with the waves of the Satanic world government. But if your hope is in Me and My truth then you have everything to look forward to, for you know in your heart that My Father and I will get the last laugh as we CRUSH the kingdom of Satan.

Psalm 2

(1Why do the heathen rage, and the people imagine a vain thing? 2The kings of the earth set themselves, and the rulers take counsel together, against the Lord, and against his anointed, saying, 3Let us break their bands asunder, and cast away their cords from us. 4He that sitteth in the heavens shall laugh: the Lord shall have them in derision. 5Then shall he speak unto them in his wrath, and vex them in his sore displeasure.)

32. You will know the value of your faith in Me for you will be exalted to be the new government, the citizens and rulers of the kingdom of heaven on earth. This is not pie in the sky talk and something to give you a false hope. When you begin thinking like that, retreat into My word to deep-feed your soul to regain the spark of faith. Your faith, your connection to Me will

become priceless for your faith is what will keep you and save others.

I will arise in your soul to keep your fire burning until the day I return.

We have also a more sure word of prophecy; whereunto ye do well that ye take heed, as unto a light that shineth in a dark place, until the day dawn, and the day star arise in your hearts. (2 Peter 1:19)
